

Areas of interest for this contract are contained in the “Timber Supply Analysis Report Community Forest Licence – K2D Alberni Valley” prepared by Econ Consulting. Areas to be specifically considered are identified in this report. The Timber Supply Analysis Report is available on request by interested contractors.

Contractors should also review the August 10, 2007 (DRH Forestry Consulting) Viability Assessment. To find this Document, go to the Viability Assessment within the Forest Management Section on the AVCF Website. Additional mapping can be obtained under the Forest Stewardship Plan section, as well as the Mapping section.
